FULTON COUNTY GOVERNMENT

January 25, 2010

Fulton parents reminded to get booster

Is it time for your child's second H1N1 vaccine?

The Fulton County Department of Health and Wellness reminds parents to make sure their child receives the recommended second dose of vaccine to strengthen protection against the H1N1 virus. Parents of children who received their first dose of vaccine at a Fulton County Health Center are urged to return to complete the regiment.

"Children continue to be at risk from the H1N1 virus," stated Patrice A. Harris, MD, Director of Fulton County Health Services. "The booster will provide increased protection from the virus."

According to the Centers for Disease Control and Prevention (CDC), flu activity, caused by either 2009 H1N1 or seasonal flu viruses, may rise and fall, and is expected to continue for several more months.

In Fulton County, H1N1 vaccinations are available at the following locations from 8:30am to 5:00pm:

Adamsville Health Center	3699 Bakers Ferry Rd., SW, Atlanta, GA 30331	404-699-4215
Center Hill Health Center	3201 Atlanta Indus. Pkwy, Atlanta, GA 30331	404-699-6370
Center for Health and Rehabilitation	265 Boulevard., NE, Atlanta, GA 30312	404-730-5835
College Park Regional Health Center	1920 John E. Wesley Ave., College Park, GA 30337	404-765-4155
Lakewood Health Center	1853 Jonesboro Rd., SE, Atlanta, GA 30315	404-624-0626
Neighborhood Union Health Center	186 Sunset Ave., NW, Atlanta, GA 30314	404-612-4665
North Fulton Regional Health Center	3155 Royal Drive, Alpharetta, GA 30004	404-332-1876
